

IBT NUTCRACKER MAKE-UP INFORMATION

Dancers ages 7 and up:

Parents are responsible for making sure all make-up is applied correctly at home prior to their child's arrival to the theater. Children should be sent to the theater with a cosmetic case, labeled with your child's name, containing their hair and make-up supplies. Volunteers in the dressing rooms will use your products to touch up your dancer's make up if needed before their stage entrance. Hair and make-up paraphernalia will never be shared, so please supply your child's and label it well.

All dancers in IBT's The Nutcracker (with the exception of the baby mice) will need the following:

- *Liquid Foundation (should match skin tone)
- *Power Foundation (should match skin tone)
- *Blush
- *Lipstick
- *Mascara
- *Eyeliner
- *Eyebrow pencil (hair color)

- *False eye Lash Glue (for false eyelashed only)

Please follow the chart below for brand/colors that are ideal, if unable to get exact please find the closest match. I have provided links to products that need to match. For foundation please make sure it matches your dancers skin tone, should be a matte formula and should be set with powder (brand is your choice but we have provided some options if you like. Many families choose to go with nicer brands and get them color matched at the store) Please refer to posted pictures for exact application guidelines for each part.
